

# NEBRASKA CANCER SPECIALISTS

*the Physicians of Oncology Hematology West*

TO OUR NEBRASKA CANCER SPECIALISTS PATIENTS:

**WE NEED YOUR HELP!** In an effort to serve you better **and** improve safety, we will be implementing a new system to accurately record your medications. This will start on February 15, 2010.

For every physician visit we ask that you bring an updated medication list with you. In order to do this we have developed a new form that we will keep in your chart. If you have difficulty filling this form out, then we ask that you please bring in **all** of your medication bottles and we will be happy to assist you in filling the form out.

Once the form is completed it will be updated each visit and a copy given to you before you leave. We then ask that you simply update that list and bring it with you to your next appointment.

For this effort to be successful we are counting on your cooperation and welcome any suggestions that you may have to make this process more efficient.

Thank you in advance for your help.
